Subject Index 2008–2009

Acworth Leprosy Museum, 233 (2009)
AGEP due to Dapsone, 81 (2009)
Analysis of newly detected leprosy cases and misdiagnosis, 410 (2009)
Approaches & tools for measuring disability, 50 (2008)
Assistive devices for people affected by leprosy, 13 (2009)
Case finding survey for leprosy in Iran, 441 (2009)
Cataract surgery in leprosy, 177 (2009)
CBR Course announcement, 345 (2008)
Characterisation of short tandem repeats for genotyping M. leprae, 250, 272 (2009)
Community based rehabilitation programmes, 36 (2008)
Comparison of Uniform-MDT and WHO-MDT, 143 (2009)
Corticosteroids for treating nerve damage in leprosy – Cochrane Review, 361 (2008)
Cost-effective management of leprosy by involving interns, 448 (2008)
Dapsone-induced haemolytic anaemia, 436 (2008)
Dental and oral condition in leprosy patients, 156 (2009)
Detection of M. leprae in nine-banded armadillos, 424 (2009)
Detection of previously undetected cases, 22 (2009)
Detection of serum antibodies to M. leprae Major Membrane Protein-II, 402 (2009)
Disruption of bacilli, 311 (2008)
Effect of corticosteroid use in leprosy, 134 (2008)
Effect of modified MDT therapy in Nepali leprosy patients, 425 (2008)
ENL in Nepal, 254 (2008)
Epidemiological behaviour of leprosy, 332 (2009)
Evidence based practice in leprosy, 353 (2008)
Evidence for rehabilitation programmes, 65 (2008)
Follow-up of Indian patients treated with WHO MDT, 303 (2008)
Follow-up study of leprosy patients with asymptomatic neuropathic feet, 183 (2008)
Fracture of calcaneum following foot drop surgery, 77 (2009)
Functional problems with complete ulnar nerve paralysis, 154 (2008)
Funding for self-employment of people with disabilities, 92 (2008)
Gas gangrene in a leprosy patient, 89 (2009)
Gender and leprosy, 65 (2009)
Genetic diversity of M. leprae isolates, 302 (2009)
Global collaborations in leprosy research, 358 (2008)
Global themes in International Public Health, 128 (2008)
Global trends in disability rehabilitation, 10 (2008)
Government Health Workers as implementers of POD, 295 (2008)
Healthcare seeking behaviours and delays in diagnosis, 416 (2009)
Hypophosphorylation of NF-H and NF-M subunits of neurofilaments, 388 (2009)
IDEAL – In the footsteps of IMMLEP & THELEP, 236 (2009)
17th ILA Congress, 4 (2008)
Pre-Congress workshop I – New diagnostics, 205 (2008)
Pre-Congress workshop on Stigma, 211 (2008)
Pre-Congress workshop on reactions & neuritis, 216 (2008)
Pre-Congress workshop V – Integration, 221 (2008)
Pre-Congress workshop 7 – Future research needs, 223 (2008)
Immune reconstitution inflammatory syndrome, 429 (2008); 85 (2009)
Inclusion of persons affected by leprosy in CBR, 30 (2008)
INFIR Programme, 124 (2009)
Informal consultation to reduce leprosy burden, 471 (2008)
Integrating CBR & leprosy services, 83 (2008)
International guidelines for CBR, 17 (2008)
Interviews with key leaders in leprosy, 130 (2008)
Killing of M. leprae by moxifloxacin, 205 (2009)
Subject Index 2008–2009

Latapi’s Lepromatosis in a pubertal boy, 445 (2009)
Leprosy’s global statistics, 235 (2008)

M. leprae genotypes, 316, 322 (2009)
Making HIV-AIDS outreach efforts more effective, 342 (2008)
Malta Leprosy Eradication Project, 410 (2008)
Microbiological relapses in MB leprosy, 331 (2008)
ML Flow serology & slit skin smears, 162 (2008)
Molecular epidemiology of M. leprae, 246, 280 (2009)
Mosuke Murata, the designator of ENL, 92 (2009)
Mouse footpad model, 120 (2009)
Multiple relapses in lepromatous leprosy, 210 (2009)
Mycobacterial infections causing cutaneous disease, 196 (2008)

Neuropathic pain in MB leprosy, 270 (2008)

Obituaries
   Dr. Noshir Antia, 199 (2008)
   Dr. Roland Kazen, 96 (2009)
   Prof. S.R. Pattyn, 221 (2009)
   Dr. Turkan Saylan, 454 (2009)

Papules & Nodules in Leprosy, 118 (2008)
PGL-1 antibody levels, 315 (2008)
PCR-Restriction Fragment Length Polymorphism Analysis, 129 (2009)
Post-traumatic inoculation leprosy after injury with glass bangle, 215 (2009)
Posterior tibial tendon transfer for foot drop, 219 (2009)
Primary health centres, 340 (2008)

Relapses in MB patients after MDT, 320 (2008)
Role of free-living pathogenic amoeba in transmission of leprosy, 401 (2008)
Role of radiology in nerve function impairment, 373 (2009)
RPOD Course announcement, 347 (2008)

SALSA scale in Nigeria, 197 (2009)
Schwann cell invasion by M. leprae, 335 (2008)
Self-care groups & ulcer prevention in Nigeria, 187 (2009)
Sensitivity & specificity of nerve palpation, 34 (2009)
Sensory Motor Screening (SMS) Study, 51 (2009)
Sensory neuropathy mimicking leprosy, 441 (2008)
Simple semantic classification of foot posture, 416 (2008)
Simplified nerve function tests – commentary, 453 (2009)
Surgical treatment for bilateral paralytic lagophthalmos, 448 (2009)
Surgical treatment of plantar foot ulceration, 325 (2008)
Sustainability of self-care, 110 (2008)
Sustaining quality leprosy control, 230 (2008)

Twenty-five years follow up of MB leprosy patients, 170 (2009)
Type 1 (Reversal) reactions and their management, 372 (2008)

Ulnar paralysis, 447 (2008)
Urban health posts, 338 (2008)
Use of GIS in leprosy control, 327 (2009)
Use of mobile phones and pagers, 232 (2009)

Venous thrombosis in a leprosy patient, 193 (2008)
Voluntary muscle testing, 277 (2008)
VNTR typing studies of M. leprae, 261, 290 (2009)

Workshop at Mahabalipuram, India, 204 (2008)
Workshop on sentinel surveillance for drug resistance, 98 (2009)
