GREWOODS HOTEL SUPPORTS LOCAL CHARITY AT ASCOT LADIES DAY EVENT

Greenwoods Hotel and Spa in Stock, Essex is supporting local charity Lepra by hosting an exciting Ascot Ladies Day on 20th June, starting at 11.30am and finishing at 6pm. The Ascot Ladies Day event will raise much needed funds for Lepra, helping to diagnose people in India, Bangladesh and Mozambique with leprosy, along with providing the cure and post treatment care that they may need.

Hayley Allen, Events Coordinator at Greenwoods Hotel and Spa commented:

“We are delighted to be supporting Lepra with our Ascot Ladies Day event. £10 from each ticket sold, along with the proceeds from a luxury auction will be donated to the local charity. We are proud to be helping Lepra to continue their important work of diagnosing, treating and rehabilitating people affected by leprosy.”

Tickets only cost £69 per person, and guests can enjoy a Pimms on arrival and watch live coverage of the races, all whilst enjoying a delicious buffet and a selection of afternoon treats. **There are still tickets available** for the exciting event, if you are interested in attending please contact Greenwoods Hotel and Spa on 01277 829990.

About Lepra and leprosy

Lepra is a UK-based international specialist charity that has been working to beat leprosy since 1924. Her Majesty Queen Elizabeth II became Patron of Lepra in 1952, shortly after the death of her father King George VI, who had been Lepra's Patron since the charity was founded in 1924.

Leprosy affects over 7 million of the most vulnerable people in the world, causing life-changing disabilities and attracting terrible prejudice and discrimination. **But there is a cure.**

Lepra works to beat leprosy in India, Bangladesh and Mozambique by finding, diagnosing and treating people affected by the disease. By raising awareness, pushing for early detection and supporting people living with disabilities caused by leprosy, Lepra works towards a day when this disease no longer destroys lives.

Last year, the charity reached 301,000 people through diagnosis, treatment and care. It reached a further 1.7 million people through health education and events to raise awareness of leprosy and other neglected diseases.
